

Robin Erbacher

Lecture on Jan. 29

Professor Robin Erbacher of UC Davis will give a public lecture at the ARC Ballroom at UC Davis on Jan 29, 2008 at 7:30 pm. Her talk will focus on the most recently discovered, and heaviest quark, the top quark, and its implications for physics in the 21st century and the possibility of understanding the origin of mass. Admission will be \$4 for the general public and free for students.

This lecture is sponsored by the High Energy Frontier Theory Initiative and the UC Davis Physics Department. For more information see <http://particle.physics.ucdavis.edu/hefti/lecture/> or call 530-752-4086.
